Telecom Growth in India

• New Economic Policy (1991)

  * Opening up of Telecom service sector (Mobile – metros)
  * Leading to unprecedented growth of telecom sector.
  * From a monopoly to multi operator, multi services, multi technology, multi vendor scenario

• BSNL was formed, for taking care of the “Service Provisioning (The Installation Operations and maintenance of the telecom services) provided by the Government : 1st October 2000
To become the largest Telecom Service Provider in Asia.
Mission-2007

i. To provide world class State-of-art technology telecom services, on demand at competitive prices.

ii. To Provide world class telecom infrastructure in its area of operation and to contribute to the growth of the country's economy.

BSNL financial performance

Pl note: latest data in this regard may be obtained from intranet sites of BSNL or Digital library for your information.

15th March 2011
Need for change?

😊 BSNL’s market share as well as profitability have shown a declining trend while the telecom market is growing.

WHY?

∑ M/s BCG appointed as Consultant, who carried out detailed SWOT analysis of BSNL: by conducting an internal survey; by interviewing many employees at various levels
Introspection:

- Are all the employees *motivated*?

- Are the management practices *conducive to growth*?

- Is the *Vision statement* aligned to reality?

- Do all the employees *know* Vision?
What fate is expected in next five years?

What makes other operators to grow in spite of little differences with BSNL in technology & tariff?

Whether the organization structure within BSNL is too bureaucratic to deliver results?
Change
Present Approach of BSNL

- Lack of shared vision among employees
- Inability to see big picture
- Too broad structure
- Lack of documented role, responsibilities and accountability matrix left to individuals to define it as per past experience, practices and their wisdom.
- Legacy processes: The way work got processed through legacy processes lead to inefficiencies and delays.
ADT 2008: Project Shikhar

- Develop a shared aspiration for BSNL’s future.
- Articulate a well-defined strategy to take BSNL back on the path of growth and profitability.
- Create a 5-year business plan outlining a range of potential outcomes.
- Develop a thorough Sales & Marketing Strategy for each of the core businesses (Landline, Mobile, Broadband, enterprise etc.)
ADT 2008: Project Shikhar

- Outline key implications on operations and customer service to support various businesses. (Business Process reengineering)

- Define the right organizational model to achieve the strategic objectives, along with critical changes needed in HR policies. (Restructuring)

- Implement the various initiatives in the form of Pilots, with detailed design and on-the-ground implementation.
Vision 2013

• Be the leading telecom service provider in India with global presence
• Create a customer focused organization with excellence in sales, marketing and customer care
• Leverage technology to provide affordable and innovative products / services across customer segments
Mission 2013

• Be the leading telecom service provider in India with global presence
  – Maintaining a high rate of growth to protect and increase its market share in all segments of operations
  – Generating value for all stakeholders-business associates, vendors, shareholders & employees
  – Maximizing return on existing assets with sustained focus on profitability
  – Becoming most trusted, preferred and admired telecom brand
  – To explore international markets for Global presence
Mission 2013  (contd)

• Create a customer focused organization with excellence in sales, marketing and customer care
  – Developing a marketing & sales culture that is responsive to customer needs
  – Excellence in customer service-friendly, reliable, time bound convenient and courteous service

• Leverage technology to provide affordable and innovative products / services across customer segments
  – Offering differentiated products/services tailored to different segments
  – Providing reliable telecom services that are value for money.
Mission 2013

• Provide a conducive work environment with strong focus on performance
  – Attracting talent and keeping them motivated
  – Enhancing employee skills and utilizing them effectively
  – Encouraging & rewarding individual and team/group performance
• Establish efficient business processes enabled by IT
  – Changing policies and processes to enable transparent quick and efficient decision making
  – Building effective IT systems and tools.
Project Shikhar Implementation *Ph 2*

- **Accelerating growth of mobile business by focusing on critical areas**
  - Building extensive and strong distribution and retail footprint
  - Innovation in pricing
  - Acceleration of 3G sales to capitalize on first mover advantage
  - Improving effectiveness of VAS

- **Leading and shaping the fixed access business by focusing on critical areas**
  - Addressing gaps in Sales & Distribution
  - Innovation in Product & Pricing
  - Building capabilities and offerings on content and VAS
  - Improvement in service delivery and provisioning times
Project Shikhar Implementation *Ph 2*

- Growing the enterprise business and becoming provider of choice by
  - Establishing key account management
  - Innovation in products and solutions
  - Strengthening service delivery and service assurance
- Expanding into new businesses
  - Developing the infrastructure sharing business
  - Monetise other embedded assets
- Focusing on financial assurance
  - Fixing billing leakages and improving collection
  - Reducing operating costs
• Improving customer service levels across different interface points
  – Improving effectiveness of call center and CSC
  – Building new areas such as online

• Implementing operations improvement initiatives
  – Increasing service levels by reducing downtime and improving turn-around time
  – Reducing operating costs where feasible
• Focusing on implementing critical HR priorities
  – Recruitment at DGM, MT and JTO/JAO levels
  – Capability development
  – Defining appropriate incentive management program

• Implementing new organisation structure across the organisation
  – Defining the roles & responsibilities and key performance indicators in the new structure
  – Enhance effectiveness of new structure by appropriate top-management MIS and planning and budgeting
Business Units

- Director (Consumer Fixed Access)
- Director (Consumer Mobility)
- Director (Enterprise)
- ED (new Businesses)
Shared functions

€ Director HR (including Admin, Legal)

€ Director Finance –supported by an Executive Director

*Others directly reporting to CMD*

€ ED Corporate Affairs (Corporate IT, Corporate Planning & Monitoring, Corporate Marketing and Public Relations, Regulation)

€ Company Secretary

€ Vigilance (CVO)

€ GM (Coordination & Monitoring)
In order to ensure that there is a clear chain of command and accountability from top to bottom within each BU, the business unit focus, at the Head Office is replicated at the Circle Offices and Region Offices.

Hence each of the four BUs and the other shared functions at Head Office have their representatives at the Circle Offices and Region Offices.
Project Shikhar Implementation

- All the territorial Circles have thirteen distinct sections namely, CFA, CM, Enterprise, Passive Infra, HR, Finance, Business Planning/IT, Civil, Electrical, Architect, Vigilance, Commercial & Regulation, CSC.

- All SSAs in BSNL also need to be restructured to align their operations with the new vertical concept. This is being done progressively. In SSAs also CFA, CM, CSC, EB, Finance, Vigilance and HR/Admin/MIS/IT roles are defined. Depending on the size of SSA, job assignment and reporting structure is being planned.
Concept of Job Description

• A key feature of restructuring is introduction of Job description for each post. Besides JD, Key Result Areas (KRA) and Key Performance Indicators(KPI) have also been defined in alignment with the new Group Performance Management System (GPMS).

• This description enables the officers handling these jobs to have unambiguous understanding of their new role, expectations and measuring yardsticks for performance.
Implementation Teams

• **Project Sponsor:**
  Director/Executive Director in the Corporate Office responsible for providing overall guidance and direction, monitoring overall execution results, providing policy inputs and resolving key issues.

• **Project Champion:**
  CGM/PGM/GM level officer in the Corporate Office responsible for driving implementation of the project/initiative on a country-wide basis, monitoring overall execution results, preparing policy guidance, resolving key issues on a day-to-day basis and communicating on all projected related issues.
Implementation Teams

• **Project Coaches:**
  GM/DGM level officers in the Corporate Office responsible for day-to-day execution of the project/initiative, working with Circle and SSA level implementation teams, monitoring results at Circle/SSA level, trouble-shooting issues on a day-to-day basis and supporting Project Sponsors and Project Champions take the right policy decisions.

• **Transformation Management Office** at the BSNL HO steered by GM (Restructuring)
Pilot Projects

- Vijay
- Udaan
- Dosti
- Kuber
- Sanchay
- Smile
Pilot Projects

- **Vijay:**
  - Sales and marketing of Mobile services
  - Strengthening of franchisee and retail network
  - Retail managers (linemen) to monitor and coordinate with Franchisees
  - Door-delivery to the latter
  - Incentive scheme and rewards
